

NEWS RELEASE

DATE: February 5, 2019
TO: News Media
FROM: Western Kansas Manufacturers Association, Eddie Estes, CEO
RE: Saving Water with Pivot Irrigation featuring Dragon-Line
FOR RELEASE: IMMEDIATELY

DODGE CITY – Western Kansas Manufacturers Association (WKMA) with the help of Monty Teeter, CEO of Dragon-Line, is offering a seminar on mobile drip irrigation. “How to Save Water and Money with Drip Line Technology,” will be presented on Friday, March 22 at 1:00 p.m. in the area marked “Presentation Area,” located in the southwest corner of the concrete side of the Western State Bank Expo Center. The presentation is free and open to anyone attending the 65th Annual 3i SHOW, which is being held March 21-23 at the Western State Bank Expo Center in Dodge City, Kansas.

Teeter will discuss water savings as a major benefit of pivot irrigation through drip technology. Other benefits include reducing or eliminating wheel track issues, allowing possible winter watering without ice accumulation on pivot, eliminating leaf burn and plant shock from sudden temperature changes and more. The benefits will continue to emerge as drip irrigation is used in diverse production areas. Teeter will speak on how Dragon-Line has transformed pivot irrigation through drip technology. Attendees are invited to their exhibit space I-202 for more information.

Monty Teeter, developer and CEO of Dragon-Line, is a lifelong resident of the Southwest Kansas area. Teeter has been a distributor, designer, and installer of center pivots for 40 plus years, and has experience in Sub-Surface Drip Irrigation (SDI) for 20 years. This experience of selling more than 3,500 pivots and hundreds of acres of SDI has allowed Teeter to become proficient in understanding the technologies and benefits of both irrigation applications.

For information on how to secure exhibit space at this year’s 3i SHOW, visit www.3ishow.com, or contact the WKMA office directly toll-free at 877-405-2883 or locally at 620-227-8082. WKMA’s office is located at 1700 E. Wyatt Earp in Dodge City, Kansas.
