

ALKOTA OF KANSAS 2021 3i Press Kit:

Introducing the RH150 by ALKOTA, a radiant heater to provide heat and warmth where and when you need it most. The RH126 provides heat in enclosed areas, without emitting odors or fumes. The RH1150 can easily heat a 3,000 - 5,000 Square Ft. building! Diesel fired and providing a whopping 150,000 BTU on high and 100,000 BTU on low. The RH150 burns roughly a 1.04 of a gallon of diesel on high and 0.75 of a gallon on low. Need heat, come see ALKOTA OF KANSAS!

ALKOTA OF KANSAS has been a family owned and operated business since 1989. Our company strives to provide the BEST Pressure Washers on the market.
